

Ranpak Cushioning Systems... the Natural Choice

PadPak LCTM

the most efficient 1-ply paper solution

Combines High Speed and Minimal Paper Usage for Optimal In-the-Box Packaging

PadPak LC converts 45- or 55-lb. fanfold kraft paper into an effective light cushioning pad for fast, efficient cushioning or blocking and bracing packaging applications. In the converter, the paper is formed into a protective and shock absorbing packaging material through a patented folding and compressing process.

The unique converter design and its five different modes of operation allow the converter to be used in batch mode or for on demand pad production. The height adjustable and tiltable converter allows the operator to adapt the converter to the packing environment.

Efficient - patented packs of fanfold paper can be spliced together and converted for maximum uptime and throughput

Fast - feed rate of 4 feet per second

Versatile - 5 modes of operation allow for batch production or in-line, on demand use

Adaptable - easy to rotate and adjust height to adapt to packaging environment needs

Environmentally friendly - 100% biodegradable, recyclable and renewable paper

The Paper Packaging ExpertsTM

Specifications

Converter (approximate measurements)*

| | |
|-----------------|---|
| Width | 32.6" |
| Height** | 48" - 63" |
| Depth | 44" |
| Weight | 220 lbs. |
| Power | 110 VAC |
| Feed Rate | 4 feet per second |
| Controls | Located on converter |
| Cut Method | Electronic motor with clutch |
| Packing Height | 43" - 58" (chute height) |
| Operating Modes | Footswitch, EDS, Preset, Automatic and Recipe |

*Size specifications refer to the converter only and do not include the converter stand or accessories.

** Measures with the machine in horizontal position.

Paper Bundle

| Paper Type | Fanfold | Fanfold |
|---------------------|---------|---------|
| Width (inches) | 30 | 30 |
| Basis Weight (lbs.) | 45 | 55 |
| Length (feet) | 1,200 | 1,000 |
| Weight (lbs.) | 45 | 46 |

Paper Pallet

| Bundle Type | 45-lb. | 55-lb. |
|---------------------|------------------|------------------|
| Bundles per Pallet | 24 | 24 |
| Dimensions (inches) | 48 x 40 Depth | 48 x 40 Depth |
| Weight (lbs.) | 1,130 | 1,154 |

Each package design report provides you with our recommended packaging solution and includes a thorough cost analysis and comparative test results. The report clearly shows how you can save on material costs while realizing damage reductions. Ranpak's Packaging Engineers and Sales Representatives can visit your facility to train your packers on how to use our products as well as perform an on-site cost analysis.
