

Semi-Automatic Tape Sealer
Up to 30 cases per minute

RSC Case
The BEL 150 seals RSC cases.

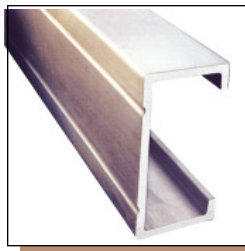

System shown with optional roller conveyor.

Semi-Automatic Case Taper

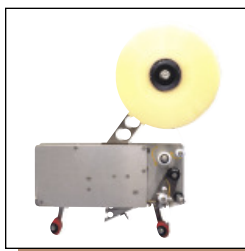

Squareness Assured

BEL's innovative and powerful Uni-Drive system synchronizes conveyor belt speed, eliminating case skew, so that cases leave the machine squarely taped.

Lasting Performance

The BEL 150 features heavy duty, corrosion resistant aluminum C-Beam construction and compact design to provide lasting performance in the most demanding production environments.

Superior Tape Application

The BEL 150 is equipped with state-of-the-art DEKKA High Performance stainless steel tape heads that are easily loaded in or out of the machine in 30 seconds or less.

Easy Case Change

The BEL 150 is user-friendly, enabling the operator to make box size changes from either side of the machine quickly and easily, in 30 seconds or less.

Case Sealer
BEL 150

BEL 150 Semi-Automatic Top and Bottom Case Taper

BEL 150 Features

- Rust free/paint free frame construction guards against machine wear and extends machine life
- Built-in safety systems that protect against power interruption or overload
- Uni-Drive squaring mechanism that mean more presentable cases
- Quick and easy maintenance, meaning a minimum of downtime
- Standard DEKKA 22 Stainless Steel 2" tape heads and optional DEKKA 3" tape heads available

Complete Solution

BEL 505 Case Former

The BEL 505 improves efficiency and ergonomics. Inserting a case into the BEL 505 results in all four bottom flaps being automatically folded, leaving hands free to pack.

BEL 150X Oversize Case Taper

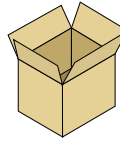

The oversize model is available to accommodate larger case requirements.

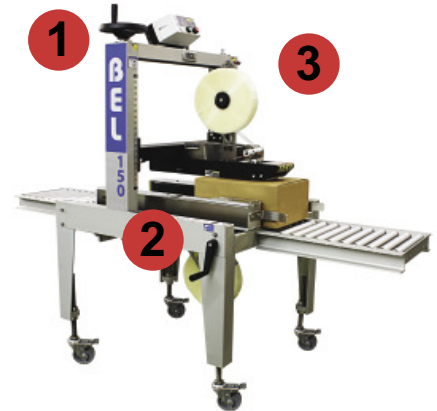

BEL 150SS Stainless Steel Case Taper

The stainless steel is available for washdown environments.

How the BEL 150 Works

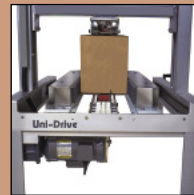

RSC Case
The BEL 150 seals RSC cases.

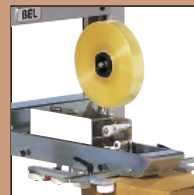

1 Quick Change Handle

Upper assembly is adjusted with a hand wheel which increases or reduces size in seconds.

2 Uni-Drive Case Transport

Uni-drive system synchronizes the case conveyor, assuring case squareness during taping.

3 Top & Bottom Sealed

Superior case sealing performance is achieved with its quality tape application. The BEL 150 comes standard with DEKKA tape heads.
